

WELCOME TO THE ITALIANS..

We are a bunch of enthusiasts and lovers of good clean food and drink. For 20 years we have been importing wines and other goodies from small Italian family producers and farms to Prague, who produce artisanal, traditional methods, locally, sustainably, organically and without unnecessary chemicals. They use grapes from their own vineyards, milk and meat from their own herds, vegetables from their own fields..

We know all of our suppliers personally and have tasted their products to be 100% sure that we offer you only the best. Not only can you find these products in our three Prague stores and on our e-shop, but we also cook with them in our restaurant, at private events and in catering.

You can organize an unforgettable event with Italian flair with us simply in three steps.
